

OUTDOOR LIVING
IS YOUR PASSION.

OURS, TOO.

Why TimberTech?

Life's different out here. One step through the door and you feel it. It's more personal, less stressful. Away from the TV and video games. Where talking takes place over texting, nature provides the backdrop, and neighbors are welcome to sit a spell. As comfortable for lazy Sunday coffee as it is for a crazy Saturday cookout. And more moments are likely to be memories.

We get it. It's why we're a leading innovator in composite decking – and have been for years. Day after day, we imagine unrivaled combinations of colors, styles and mix-and-match options – then bring them to life. All to help you create a space that's as beautiful as it is functional – and as easy to design as it is to care for.

The ultimate in low-maintenance living – with a 25-year warranty that proves our dedication to perfection.

High-performance decking. Low-maintenance living. It's our passion.

Polymer-Protected Composite Decking

Nirvana. Now available in eight heavenly hues. Earthwood Evolutions elevates your outdoor lifestyle – and scratch, stain and fade resistance – to a whole new level. Capped with a fully protective polymer shell with HydroLock™ technology, it's practically impervious to the elements and accidents that every deck endures. Surround yourself in warm hardwood style and authentic variegated graining in three soothing color collections. Inspired by nature – improved by science – and backed with an additional 25-Year Fade and Stain Warranty for total peace of mind.

1

2

DECKING: Earthwood Evolutions in Slate

RAILING: RadianceRail in Coastal White with composite balusters and DeckLites

1 – Our DeckLites aren't just to use on railings. They also can be added to benches, steps, planters and more for safety and style.

2 – Create a unique area with benches and planter boxes. Finish off bench legs with RadianceRail post covers for a coordinated look.

CAPPED COMPOSITE
**EARTHWOOD
 EVOLUTIONS**

1

DECKING: Earthwood Evolutions in Pacific Rosewood
RAILING: RadianceRail in Traditional Walnut and Classic Black with composite balusters

1 – Consider creating bumped-out reading nooks, stepped-up dining areas or a look-out platform on your deck to create various 'rooms' in your outdoor living space.

TROPICAL

A sun-soaked spectrum of tropical tones evokes the atmosphere of a beach-side, ocean-view retreat. Organic streaking creates an authentic grain pattern, inviting you to relax and enjoy your personal tropical paradise.

CAPPED COMPOSITE EARTHWOOD EVOLUTIONS

DECKING: Earthwood Evolutions in Brick and Brownstone

RAILING: RadianceRail in Coastal White with metal balusters and DeckLites

- 1 – Take your pick of railing infills – metal or composite balusters or cable with our versatile RadianceRail and Evolutions Rail systems.
- 2 – Our Vertigrain™ surface won't trap dirt or dust, allowing for quick and easy surface cleaning.

DECKING: Earthwood Evolutions in Brown Oak and Silver Maple

- 1 – Even small spaces can be beautiful and low-maintenance with affordable decking options like our Terrain Collection.
- 2 – For plants that pop, make glass terrariums filled with moss, ivy and stones. If the weather gets chilly, they'll still flourish indoors!

NATURAL

From rich, rustic, red-tinged Brick to the cool, soothing shade of Slate, these popular architectural colors blend beautifully – alone or combined – with any landscape to comfortably complement any home, from historical to contemporary.

TERRAIN

The timeless appeal of the earthy tones in Brown Oak and Silver Maple makes for captivating choices. The natural beauty beckons and inspires you to simply, sit awhile.

PVC

XLM
TROPICAL – NATURAL

Premium PVC Decking

So this is what stress-free feels like. XLM decking is engineered from premium PVC – so you're guaranteed the ultimate in scratch, mildew and stain resistance. Our Flat Grain surface pattern comes in two stylish color collections, each with a 25-year limited warranty. That means you can feel good about its look through years of high traffic and hard weather. So, put your feet up or let your hair down? The choice is yours.

1

DECKING: XLM in Walnut Grove

RAILING: RadianceRail in Antique White with composite balusters

1 – XLM meets California State Fire Marshal and San Diego County requirements for use in Wildland-Urban Interface (WUI) Areas.

2 – XLM planks do not require pre-drilling.

2

PVC

XLM

DECKING: XLM in Harvest Bronze and Walnut Grove

RAILING: RadianceRail in Traditional Walnut with metal balusters

1 – XLM's unparalleled mildew resistance makes it great for near-water applications, pools and spas.

2 – If your deck overlooks the water, don't shy away from nautical touches. Subtle red stripes really anchor the look.

DECKING: XLM in RiverRock

1 – For a clean finish, trim your deck with color-coordinated fascia and stair riser.

2 – Not much of a green thumb? No worries – plant ornamental grasses and succulents that can weather drought and neglect while still looking great.

TROPICAL

These appealing hues bring out the exotic beauty in all of your surroundings – from grass to gardens, woods to water. Choose from the light and airy aesthetic of Harbor Stone all the way to the striking, deep tones of Walnut Grove.

NATURAL

Pure, earthy and subdued, this collection of tones blends harmoniously with your environment – giving you freedom to design and complement your space with a broad range of primary colors and tones.

Traditional Wood-Plastic Composite Decking

Your own private getaway. No need for a secluded island. Not when you're surrounded by all the natural beauty of traditional composites – right outside your doorstep. These practical decking options are designed for the value-conscious customer, whether you're looking for beautiful, slip-resistant surfaces or a lifetime of low maintenance. Say goodbye to painting, sealing and staining. Say hello to the good life.

2

DECKING: TwinFinish in Cedar

1 – Give your deck fastener-free beauty and safety with **CONCEALoc®** hidden fasteners and **TimberTech Cortex®** fastener plugs for perimeter boards and stairs.

2 – Keep the sun at bay with umbrellas, decorative trees and awnings – so you can enjoy your deck in any weather.

1

▲ TWINFINISH

Designed for versatility and expression – with the top side displaying our authentic, slip-resistant VertiGrain surface, and the bottom a serrated texture that's ideal for contrasting accents, built-ins, benches and boxes.

Shown in Grey with Ornamental Rail and DeckLites

▲ RELIABOARD

Value-conscious homeowners choose ReliaBoard for its traditional, wood-like look and worry-free low maintenance. With such a surprisingly affordable alternative, there's simply no reason to settle for staining, sealing, splinters and annual upkeep.

Shown in Cedar with RadianceRail and DeckLites

◀ DOCKSIDER

Perfect for heavy-use public places like theme parks, stadiums and hotels. Its robust, splinter-free surface and unique, 24-inch on-center span deliver decades of durable, low-maintenance performance. Whether it's a backyard deck, a yacht club marina or a seaside boardwalk – DockSider offers a clearly superior alternative.

Shown in Cedar

Complements your deck.
Complements your style.

Contemporary or traditional? Classic or cutting-edge? A stunning outdoor oasis may start with the decking, but your harmonious choice of railing and lighting is what really lets your personal style shine through. That's why we've created the most extensive – and the most versatile – collection of options you can consider. From our new, clean, modern lines and sleek steel cables to timeless forms with sturdy, palpable presence, you select the perfect pairing – then graciously await the compliments.

DECKING: ReliaBoard in Cedar

RAILING: RadianceRail in Traditional Walnut
with composite balusters and DeckLites

- 1 – *Our wide selection of railing styles, colors and infills is best in the industry and offers many low-maintenance, safe and beautiful options to choose from.*
- 2 – *DeckLites are designed to be precisely integrated into TimberTech railing systems for maximum style and safety.*

DECKING: Earthwood Evolutions in Pacific Rosewood
RAILING: Evolutions Rail Contemporary Style in Brick with cable infill
 1 – Contemporary CableRail® designed by Feeney Architectural Systems® is available for our Evolutions Rail and RadianceRail systems.

EVOLUTIONS CONTEMPORARY

High-style, modern aesthetics meet low-maintenance sensibility. Our new Evolutions Rail is a composite railing system that features a sleek, continuous top rail – uninterrupted by posts – and ingeniously designed to accommodate your choice of three dramatic infill options: contemporary steel cable, metal or composite balusters.

EVOLUTIONS BUILDER NOT SHOWN

Some simply love the dramatic lines – others appreciate a practical place to set drinks or small plates. Designed for budget-conscious homeowners, Evolutions Rail Builder Style offers the same clean, flat, continuous top rail design in an affordable alternative with metal infill.

CLASSIC BLACK

BRICK

TRADITIONAL WALNUT

CLASSIC BLACK

BRICK

TRADITIONAL WALNUT

DECKING: Earthwood Evolutions in Pacific Walnut

RAILING: RadianceRail in Classic Black with cable infill

1 – CableRail offers the maximum view through the rail, leaving your scenic surroundings unobstructed.

DECKING: Earthwood Evolutions in Brownstone

RAILING: RadianceRail Express in Traditional Walnut and Classic Black with composite balusters and DeckLites

1 – RadianceRail Express offers best-in-class value with the ability to install at 45-degree angles without overhanging the post.

RADIANCE RAIL

Smooth lines. Classic colors. Visible elegance. Invisible hardware. Our most popular railing adds a distinctive profile and sturdy, high-end presence to any deck. And now, with seven colors and three infill options – including sleek, contemporary steel cable – you can mix and match in myriad combinations to suit your style. Add our seamlessly integrated DeckLites lighting system or create custom curves to match virtually any deck shape.

RADIANCE RAIL EXPRESS

Specifically designed to allow quick, easy installation, RadianceRail Express offers a high-quality, capped composite railing system with a solid feel that looks like painted wood at a surprisingly affordable price.

BUILDERRAIL

Purposeful versatility – maximum view. Whether you want to see more of your deck's vista – or just keep an eye on the kids – BuilderRail's simple, strong, hammered balusters offer a crisp, clean, wide-eyed window on your world.

Shown in Cedar with metal balusters

ORNAMENTAL RAIL

Classic form. Gracious presence. Ornamental Rail offers a timeless profile with the traditional look and feel of real wood – without all the maintenance.

Shown in Cedar with composite balusters

CURVED RAILING

Decks aren't limited to straight, geometric lines anymore, and neither are railings. Add design distinction and dramatic flair with the flexibility of our built-to-order curved products.

Shown in Evolutions Rail Contemporary Style in Classic Black with metal balusters

GATES

TimberTech gates are code-compliant for use with swimming pools and second-story decks. Kits are designed to work exclusively with RadianceRail or as custom order for other TimberTech railing styles. Consult your TimberTech contractor or dealer to discuss which gate style is best for your outdoor living space.

CEDAR

GREY

REDWOOD

DECKING: XLM in Harvest Bronze and Walnut Grove

RAILING: RadianceRail in Coastal White with composite balusters and DeckLites

1 – To compose a magical setting, combine DeckLites with strategically placed candles or other soft lighting accents.

DECKLITES

Nothing creates after-dark ambience like the warm glow of perfectly balanced lighting. Designed to seamlessly integrate into railings, decking and steps, our award-winning DeckLites use low-voltage, energy-efficient LED lights to let you turn on the ultimate atmosphere and cast a soft, protective glow across steps and surroundings.

COMPONENTS:

IN-DECK LIGHT
Mounts flush to produce an ambient glow on the deck surface. Available in Architectural Bronze.

POST CAP LIGHT
Generates a subtle, inviting glow around any TimberTech RadianceRail, RadianceRail Express or Ornamental Rail Post Caps. *Post Caps sold separately.*

RISER LIGHT
Gives off a soft light for safety on stairs. Available in Architectural Bronze.

ACCENT LIGHT
Produces a delicate downlight effect on posts. Typically used at transition posts or near stairs for additional safety. Available in White and Architectural Bronze.

UNDER-RAIL LIGHT
Produces a subtle downlight glow in between balusters. Light fixture hides in underside of the top rail.

FINISHING TOUCHES

CONCEALoc and Cortex – TimberTech’s Complete Hidden Fastening Solution

CONCEALoc®

TimberTech’s ingenious CONCEALoc hidden fastener system is designed to combine ease of installation with the sought-after look of a flawless, fastener-free surface. Router bit to cut installed planks over joists and L-Brackets for perimeter boards or butt seams are available. Compatible with the FastenMaster® CONCEALoc Gun.

CORTEX®

Designed exclusively for TimberTech planks, TimberTech Cortex provides a discrete, hidden fastening solution for perimeter boards and stairs.

TOPLoc™

TOPLoc face and fascia fastening systems come in colors to coordinate with all TimberTech boards and are designed to eliminate mushrooming. Backed with a 25-year warranty. Also available in stainless steel for near-coastal applications.

FASCIA

Gives your deck a finishing touch with various color options that coordinate with TimberTech deck planks.

DRYSPACE™

The smartest, simplest way to create more space. Specifically designed for second-story decks, our DrySpace drainage system collects and channels moisture from the spaces between planks – and turns the area below into versatile, sheltered leisure or storage space.

FENCESCAPE™

A fence is the most visible extension of a home. And with FenceScape you don’t have to sacrifice beauty to get quality. FenceScape provides the look and feel of wood with the benefits you expect from composites. There’s no painting, staining or sealing, and FenceScape won’t split, rot, warp, crack, splinter or suffer termite damage. Available in Mountain Cedar.

ADA HAND RAIL SYSTEM

Designed to work with all of the TimberTech railing systems, this addition meets the requirements of the Americans with Disabilities Act. Available in White and Black.

BUILDERBOARD®

Easily incorporate creative accents like benches, boxes and planters.

RISER

Designed for use as a riser for stairs and available in matching colors for TimberTech deck planks.

END COAT

Designed to match all TimberTech colors, end coat paint serves as an aesthetic finish to complete the look of exposed end cuts.

SECURE-MOUNT POST™ & DECK MOUNTING KIT

This kit is designed to allow TimberTech railing installations on decks or concrete surfaces – no treated 4x4 post required.

LIFE'S BETTER OUT HERE – LET'S PROTECT IT.

TimberTech decking, railing, lighting, fencing and accessories are all crafted with strict attention to striking a sustainable harmony between quality, design, processes and the environment.

Unlike traditional wood decking, TimberTech composite products don't require regular application of paint, sealers or stains. And, because composite products promise such long-lasting, low-maintenance durability, they dramatically reduce the wasteful cycle of repair and replacement.

Our commitment to a healthier planet is evident in the following sustainability achievements:

14
GALLONS

WATER SAVED EACH DAY IN OUR MANUFACTURING PROCESS USING OUR CLOSED-LOOP WATER SYSTEM
EQUIVALENT TO PROVIDING A DAY'S WATER FOR **2,021 AVERAGE HOUSEHOLDS**

TONS OF MATERIAL IS RECYCLED ANNUALLY

THE EQUIVALENT OF **161 AVERAGE HOUSEHOLDS'** ANNUAL TRASH

2,300,000 KWH

Our reduction, per year, of electrical consumption since 2009

ENOUGH TO **POWER 164 HOUSEHOLDS** FOR AN ENTIRE YEAR

107
MILLION

Pounds of recycled POST-INDUSTRIAL WOOD FLOUR and POST-CONSUMER PLASTIC used annually to make products

99%

WASTE MATERIAL CREATED DURING THE MANUFACTURING PROCESS THAT IS **RECLAIMED**

TimberTech is a proud member of the U.S. Green Building Council. This coalition of industry leaders works to transform the way communities are built and strives to create a socially responsible environment that improves quality of life.

TimberTech products may contribute toward green building points in NAHB Standards and LEED building programs. Builders must consult their local certifier for point contributions.

*Based on the ISO 14000 Standards

Warranty

TimberTech products are made exclusively from technologically advanced materials designed to provide years of use and enjoyment. TimberTech decking, railing and fencing products are covered by a 25-year limited warranty for residential applications and a 10-year limited warranty for commercial applications. TimberTech Earthwood Evolutions decking is covered by a 25-year residential limited fade and stain warranty. The products are guaranteed against termites, checking, splitting, decay, rot and splintering. For a complete copy of TimberTech warranties, visit timbertech.com.

DESIGN IT YOUR WAY

Get started building your dream deck today with our Color Visualizer and other helpful tools at timbertech.com

MIX AND MATCH

It's not just a deck. It's your personal refuge. Make it your own with stylish combinations of decking, railing and lighting – available in a wide range of colors. And when it's time to select infills, you now have the choice of composite, metal or cable. So, by the time you're finished designing, your deck will truly reflect your distinct style.

Our Color Visualizer on timbertech.com lets you see dozens of color combinations to discover the one that's right for you.

- Classic or contemporary.
- Practical or playful.
- Understated or unexpected.

The choice – **and the statement** – is yours.

Mix and match post, rail and baluster colors.

Choose from new infill options:

PRODUCT SELECTOR QUIZ

Use this quick and easy online questionnaire to help you select the right decking, railing and accessories to match your lifestyle.

DECK PLANS

Need inspiration or direction? See and print real deck plans – even materials lists – to help jumpstart your deck project.

DECK DESIGNER

Design your dream deck online with our free design tool. Add levels, stairs and railings. Create, change and save as many designs as you'd like.
